Subject: FW: March 7 City of Dallas Meeting on Lane Plating Works Inc. Superfund Site - status of meeting details

Carl,
See the incoming below from the City of Dallas. Who do you think should represent EPA at this meeting?

John C Meyer
Chief, Superfund Remedial Branch
Region 6

Subject: RE: March 7 City of Dallas Meeting on Lane Plating Works Inc. Superfund Site - status of meeting details

Rebecca / Kenneth / Edward,

I met with Councilman Atkins today. The community meeting is still on for Thursday, March 7, 6-8 pm at Highland Hills Library. Several elected officials have been invited to attend, including: State Senator Royce West, State Rep. Toni Rose, US Congresswoman Eddie Bernice Johnson, and County Commissioner's Office.

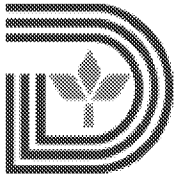

Councilman Atkins comments:

1. EPA Upper Management needs to address the citizens.
2. The meeting should only stick to Lane Plating. We do not want to get off topic.
3. If there are no immediate health risks to the community, clearly state so.
4. The EPA should have a press statement prepared for various media outlets.
5. Prepare to speak for 15-20 minutes.

Meeting Address:
Highland Hills Branch Library
6200 Bonnie View Rd.
Dallas, TX 75241

I will forward additional information as I receive it.

Thanks,

Paul White II, REM, CFM

Good morning Paul,

I'm emailing you to request an update on the upcoming March 7 meeting planned for the Lane Plating Works Superfund site. Have the time and location for this meeting been confirmed yet? We are working on our travel plans and need to know this information as soon as possible.

I appreciate your help.

Thank you,

Ed,

The February 23rd meeting was cancelled. We only have March 7th to prepare for.

I'm going to meet with CM Atkins Office to see if there is anything that we need to do in preparation.

I know the plan is for us to meet before March 7th. I will keep in touch.

Thanks,

Subject: Confirmation for City of Dallas Meeting on Lane Plating Works Inc. Superfund Site

Good morning Paul,

I am happy to share that EPA will be able to staff the community meeting requested for March 7th, 2019, during the planning meeting Councilman Atkins hosted earlier this week. Our attendance is subject to the EPA remaining open through March 7th. We will need to revisit the date if we are subject to another furlough.

As per the group discussion, EPA will give a 15 minute briefing related to the Lane Plating Works Superfund site to explain that contamination is currently limited to on-site, city drinking water is safe, and to provide information about the site moving forward (Superfund process, site sampling etc.). As city and local government officials will host the meeting, we are confident this will provide a positive message regarding the safety of citizens affected by the site.

EPA would also like to request a planning meeting much like the one we had yesterday to discuss meeting logistics and expectations. Please let us know a time and date so that we can move forward with the process.

Thank you for all the flexibility, and we look forward to working with everyone soon.
